Space is limited to 25 participants.

DATE: Thursday, May 12, 2016
TIME: 9:30 A.M. – 3:00 P.M.
LOCATION: Ericson Public Library, 702 Greene St, Boone

What is Love and Logic®?
The core concept of Love and Logic® is that success for children of all ages rests on a balance of unconditional compassion, firm behavioral limits and natural consequences. The goal of Love and Logic® is to provide practical strategies for:

- Preventing or reducing behavior problems
- Increasing motivation
- Building assets that contribute to life-long responsibility and resiliency

How Does It Work?
Love and Logic® is based on four principles that are designed to reduce conflict and strengthen relationships:

- Helping kids feel good about themselves.
- The child is always left feeling he/she has some control.
- Adults learn to discipline with equal shares of empathy and consequence.
- The child is required to do more thinking than the adult.

Who Should Attend?
Love and Logic® is primarily designed for parents and adults who regularly interact with young people.
